This course specification provides a summary of the main features of the course, identifies the aims and learning outcomes of the course, the teaching, learning and assessment methods used by teaching staff, and the reference points used to inform the curriculum.

This information is therefore useful to potential students to help them choose the right course of study, to current students on the course and to staff teaching and administering the course.

Further detailed information on the individual modules within the course may be found in the relevant module descriptors and the Course Handbook provided to students on enrolment.

Please refer to the [Course and Module Catalogue](#) for further information on the course structure and modules.

Educational aims of the course

- Provide an intellectually stimulating environment that develops critical and reflective knowledge and understanding within sport management
- Enable students to benefit from a broad curriculum that embodies academic excellence informed by practice and research within sports management and sports development
- Encourage students to synthesise new and existing knowledge to generate ideas and develop creative solutions
- Enable students to locate, access and engage with information using current and emerging digital technologies
- Develop skills to become effective team players, able to provide leadership and support whilst communicating clearly and effectively
- To enhance students' career and employment prospects by providing opportunities for career-enhancing activities to strengthen their personal development
- To support the student experience through effective management and improvement of the learning and teaching resources

Course Learning Outcomes and Learning, Teaching and Assessment Strategies

The [Quality Assurance Agency for Higher Education \(QAA\)](https://www.qaa.ac.uk/quality-code/qualifications-and-credit-frameworks) sets out a national framework of qualification levels, and the associated standards of achievement are found in their <https://www.qaa.ac.uk/quality-code/qualifications-and-credit-frameworks> document.

The Course Learning Outcomes for this course are outlined in the tables below.

Disclaimer

The University of Portsmouth has checked the information provided in this Course Specification and will endeavour to deliver this course in keeping with this Course Specification. However, changes to the course may sometimes be required arising from annual monitoring, student feedback, and the review and update of modules and courses.

Where this activity leads to significant changes to modules and courses there will be prior consultation with students and others, wherever possible, and the University of Portsmouth will take all reasonable steps to minimise disruption to students.

It is also possible that the University of Portsmouth may not be able to offer a module or course for reasons outside of its control, for example, due to the absence of a member of staff or low student registration numbers. Where this is the case, the University of Portsmouth will endeavour to inform applicants and students as soon as possible, and where appropriate, will facilitate the transfer of affected students to another suitable course.
